

I am furious about the effort by Sinclair Broadcasting to influence this election by airing a blatantly distorted and one sided program - not a paid advertisement! - on their affiliated stations. This is the most obvious and outrageous exploitation of media influence in this election campaign thus far, showing clearly how badly we as a nation need better monitoring of the use of public airwaves. I can't believe that Sinclair stations are being required to air this program!

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
